

Your Partner for Seamless Workday ERP Implementation

Empowering Businesses Through Innovation

FedTec is a small, woman-owned, 8a-Certified trusted Federal Systems Integrated (SI) provider with modernization support, efficiency, productivity and innovation at the forefront of our federal customer delivery.

FedTec's team of 15+ certified Workday functional and technical SMEs collectively bring over 150 years of experience across Workday modules and workstreams, successfully delivering across varying implementations. FedTec is uniquely positioned to provide unparalleled value to its government and commercial clients, enabling them to fulfill socio-economic requirements (8a, WOSB & EDWOSB) while benefitting from our expertise.

Through our Joint Ventures & Partnerships, we have access to following:

500K+

Total Workers Converted

200+

Total Integrations Deployed/Maintained

225+

Total Custom Reports Built

25+

Total PRISM Use Cases Built

23+

HCM Implementations

5+

Financial Implementations

Our Workday Capabilities

We specialize in Human Capital Management (HCM), Financials, Student and Supply Chain Management (SCM), with deep expertise across critical functional and technical workstreams:

- Configuration and Optimization
- Data Conversion and Automation
- Systems Integration and Reporting
- Post-Go-Live Support and Continuous Improvement

Why Choose FedTec?

1. Proven Federal Expertise: Successfully implemented solutions for leading federal agencies and Fortune 500 companies, achieving measurable results.

2. Certified Specialists: Our roster includes hard-to-find Workday-certified professionals with deep technical expertise and active government clearances.

3. End-to-End Capabilities: Comprehensive support across the Workday lifecycle—from initial project kickoff, planning, various prototype tenant builds to sustainment support

4. Client-Centric Approach: Tailored solutions designed to align with each client's unique operational needs, ensuring maximum ROI.

With expertise spanning configuration, conversion, integration, reporting, PRISM, security and post-go-live optimization, we ensure your Workday implementation is not just a system launch, but a strategic enabler for success.

Let's transform your Workday vision into reality. Partner with FedTec to leverage our proven expertise and drive your success.
